Joe DiMaggio Children's Hospital

Joe DiMaggio Children's Hospital is a full-service, patient- and family-centered care hospital. Inspired by those we care for, we believe in the healing Power of Play, creating an environment where kids can be kids and parents are partners in care.

We provide a comprehensive scope of children's services through our inpatient and outpatient programs — from minor illnesses to some of the most complex medical conditions. Our advanced facility is staffed 24 hours a day by a major league team of pediatricians, pediatric specialists, specialty-trained nurses and ancillary support staff. In addition, young patients are treated by one of the largest

diverse group of board-certified pediatric specialists in the region. For all these reasons and more, Joe DiMaggio Children's Hospital has earned the distinction of being the leading children's hospital in Broward and Palm Beach counties.

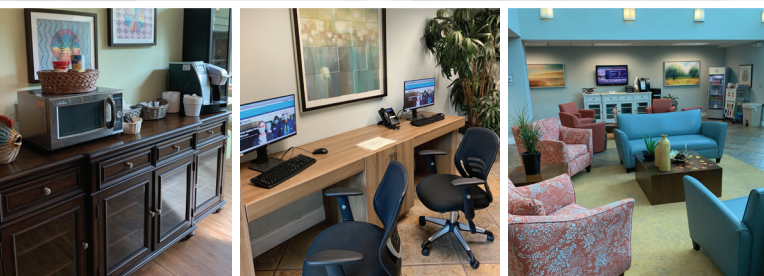

Pediatric Specialty Programs — Featuring Our All-Star Team

Joe DiMaggio Children's Hospital provides services through a vast panel of specialty physicians and nationally and state-accredited, multidisciplinary programs offering comprehensive and compassionate care to patients.

Conine Clubhouse — A Special Place for Families

Located on campus, the Conine Clubhouse offers private sleeping rooms and many of the comforts of home. Families with children in the hospital are welcome to stay at this home away from home free of charge, based on availability.

KidCierge Services

We know your time is valuable. That's why we make it easy for families and referring physicians to access services and resources for our patients and their caregivers. The Joe DiMaggio Children's Hospital KidCierge™ team creates a comfortable, seamless experience so you can focus on what matters most. We're here to help with appointments, guest services, area resources and more. To reach a KidCierge representative, call **833-588-5633** or email **JDCHkidcierge@MHS.net**.

In the Community

At Joe DiMaggio Children's Hospital, our vision is to improve the overall health of the community. We strive to provide safe, high-quality and efficient healthcare with a patient- and family-centered care philosophy, along with offering a variety of useful programs to the community.

Joe DiMaggio Children's Hospital Mobile Health Center

The Joe DiMaggio Children's Hospital Mobile Health Center delivers healthcare services directly to neighborhoods and schools throughout South Broward. Free pediatric healthcare services include:

- **Physical examinations**
- **Vision and hearing screenings**
- **Immunizations**
- **Primary care physician referrals**

Call Centralized Scheduling to make an appointment at **954-276-5548 (English)** or **954-276-5542 (Spanish)**.

Child Passenger Safety Seat Check

A nationally certified child passenger safety technician teaches participants how to properly protect children in age- and weight-appropriate car seats or booster seats. For details, call:

Joe DiMaggio Children's Hospital: **954-265-2350**

Memorial Hospital West: **954-844-7110**

Memorial Hospital Miramar: **954-538-5138**

Safe Kids Broward County

Joe DiMaggio Children's Hospital is the lead agency for Safe Kids Broward, a division of Safe Kids Worldwide, the first national nonprofit organization dedicated solely to the prevention of unintentional childhood injuries. Through community partnerships, Safe Kids Broward promotes, develops and hosts such education programs as bicycle safety, child passenger safety, drowning prevention, fire prevention, pedestrian safety and poison prevention. For details, call **954-276-1250**.

Hospitalist Program

Joe DiMaggio Children's Hospital is proud to have highly trained and experienced hospital-based pediatric physicians to provide hospitalist services. Our pediatric hospitalists are board-certified pediatric physicians available in-house 24 hours a day for children transferred or admitted to our facility. They partner with office-based pediatricians to provide high-quality inpatient care for their hospitalized patients. Our experienced and dedicated physicians manage the care of our patients while maintaining regular communication with each patient's primary care physician. After their hospital stay, patients are discharged back to their respective pediatricians for primary care.

Pediatric Intensive Care Unit

Joe DiMaggio Children's Hospital provides a Pediatric Intensive Care Unit for 24-hour medical/surgical intervention for critically ill or injured children. We offer extracorporeal membrane oxygenation (ECMO), a lifesaving procedure for patients with severe respiratory

or cardiopulmonary problems. The unit is staffed by a medical team that includes board-certified and fellowship-trained pediatric intensive care physicians and surgeons, along with specialty-trained nurses and therapists, to care for children. Because family members are vital to the child's health, they are encouraged to participate in medical decisions.

Wasie Neonatal Intensive Care Unit

Comprehensive medical care begins at birth in the hospital's Wasie Neonatal Intensive Care Unit. The unit provides both Level III intensive care beds and Level II intermediate and progressive care beds for critically ill newborns. Intensive care services are carefully monitored 24 hours a day by neonatologists, consulting specialists, and specialty-trained nursing, respiratory and support staff. Occupational, physical and speech therapists provide intervention services for infants at risk for developmental disabilities. The unit is one of only a few facilities to be designated a Regional Perinatal Intensive Care Center by the state of Florida. Joe DiMaggio Children's Hospital's network of care includes Level II Neonatal Intensive Care Units at Memorial Hospital West and Memorial Hospital Miramar, where highly experienced staff members use advanced technology to provide compassionate care.

Our NICU has the NICVIEW® webcam system – allowing you to see your newborn in the NICU from a computer or mobile device. The streaming video of your baby can only be accessed with a unique username and password. The NICVIEW system is free, easy to use and secure.

Children's Emergency Department and Trauma Center

The Frank DiMino Emergency Department at Joe DiMaggio Children's Hospital is staffed 24 hours a day, 365 days a year, by experienced, board-certified pediatric emergency medicine physicians and pediatric nurses specially trained in emergency medicine. Our pediatric trauma center is equipped to handle even the most critical emergencies. The kid-friendly environment features a colorful and playful decor to help calm children's fears.

In addition to the main campus, Joe DiMaggio Children's Hospital's network of care includes pediatric Emergency Departments at Memorial Hospital West and Memorial Hospital Miramar.

Emergency Transport Services

Ground Transport

Joe DiMaggio Children's Hospital has a dedicated ambulance for prompt ground transport of infants and children from local hospitals. The transport team includes a pediatric and neonatal critical care nurse and respiratory therapist, and a pediatric intensive care physician, if necessary.

These specialists provide high-quality medical care on the way to the hospital, while staying in constant contact with hospital-based physicians to help facilitate seamless care upon arrival. Mobile extracorporeal membranous oxygenation (ECMO) can be provided for patients with critical cardiopulmonary conditions.

Air Transport

Air medical transport services via a fully equipped Learjet are available for emergency transport of severely ill or injured children. This critical care module with wings has flown to locations throughout Florida, the Caribbean and abroad to transport children under the care of a specially trained, in-flight medical team. ECMO can be provided during fixed-wing jet transport. Whenever possible, parents are encouraged to accompany the child during ground or air transport.

Outpatient Services

Some hospital services may not require an overnight stay. Outpatient services are available for shorter-stay services, including outpatient dialysis, endocrine diagnostic testing, medication infusion, sedation services (excluding imaging), transfusions, and more. All support services at Joe DiMaggio Children's Hospital are available to children receiving outpatient care to help ensure a pleasant experience.

Imaging Services

Our board-certified pediatric radiologists participate in the nationwide Image Gently Program, following imaging protocols tailored to minimize radiation exposure to children. Services include CT, fluoroscopy, interventional radiology, MRI, nuclear medicine, ultrasound and X-ray. We have earned the American College of Radiology accreditation for CT, MRI, ultrasound and nuclear medicine. Joe DiMaggio Children's Hospital's imaging services are available through-out Broward and Palm Beach County.

Joe DiMaggio Children's Health Specialty Center – Wellington

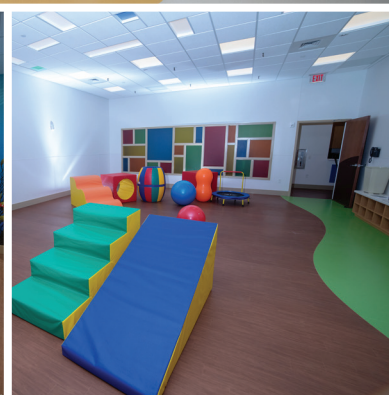

Opened in February 2019, this 30,000 square foot building is our newest outpatient location. Staffed with highly-trained pediatric specialists and support personnel, our new facility is designed to provide uncompromising outpatient care to the Wellington community in a compassionate and child-friendly setting.

Outpatient Specialties

- **Audiology**
- **Cardiology**

Joe DiMaggio Children's Hospital Foundation

Joe DiMaggio Children's Hospital Foundation was established in 1994 to provide philanthropic support that supplements the income from payors and tax revenues received by Memorial Healthcare System. This type of giving helps Joe DiMaggio Children's Hospital fulfill its mission to provide safe, quality, cost-effective, patient- and family-centered healthcare services to its patients, regardless of ability to pay.

Dedicated to supporting healthcare for the children served by Joe DiMaggio Children's Hospital, the Foundation is the central agency through which charitable contributions are made. A volunteer Board of Directors includes prominent business and community leaders and physicians and oversees all aspects of the Foundation's operations.

Joe DiMaggio Children's Hospital Foundation accepts gifts of cash, checks, securities, real estate (limited), tangible personal property (limited), charitable gift annuities, life insurance (limited), charitable remainder trusts and charitable lead trusts.

To help play a part in providing world-class healthcare for children for generations to come, please contact Joe DiMaggio Children's Hospital Foundation at **954-265-3454** or visit **[JDCH.com/give](https://www.jdch.com/give)**.
